I understand that the massage therapy given here is for the purpose of stress reduction, relief from muscular tension or spasm or for increasing circulation. I understand that the massage therapist does not diagnose illness, disease, or any other physical or mental disorder. The massage therapist does not prescribe medical treatment or pharmaceuticals, nor does the therapist perform any spinal manipulations.

It has been made clear to me that massage therapy is not a substitute for medical examination or diagnosis and it is recommended that I see a physician for any physical ailment I might have. Because a massage therapist must be aware of existing physical conditions, I have stated all my known medical conditions and take it upon myself to keep the massage therapist updated on my physical health.
